SOCIAL · PREDICTION · LATAM

Social prediction & creator economy

A social prediction and creator-economy platform for LATAM: short-form content and reputation-based forecasting.

REGISTRATION

STATUS

In build · product thesis

OPERATING CITY

LATAM · Europe (Lisbon–Berlin)

OPERATOR NOTE

Execution complexity stays behind one coherent user experience: a chain-neutral Liquidity Router underneath, with Arc, x402 and NIVQRA-controlled Resolution Agents forming the execution architecture.
